**A positive first experience in school is the foundation for
future academic success.**

Gateway Kindergarten and Preschool provides a warm, caring, Christian environment in which a child can experiment, explore, create and develop skills at his or her own rate and according to his or her own abilities.

We provide developmentally appropriate activities in order for our students to meet their social, emotional, academic, spiritual, and physical needs.

Our Kindergarten program provides students with a challenging curriculum with an integrated approach to create a dynamic learning environment that meets the needs of the individual child. Nancy Richardson, our kindergarten teacher is state licensed with over 20 years of experience. She has an undergrad in business from the University of Arizona and has a Masters of Education from Harvard University. Our student to teacher ratio is 8:1 which allows us to work one-on-one with our students.
